

GOLAM KIBRIA  
UX Designer

Hello Sir,

Working on UI, and UX design with 12 years of experience, I am here writing to apply for the position of UX/UI Manager. I am a confident design team leader and have relevant design experience what you focused on will help me to reach your fullest expectation.

I have experience in designing and implementing websites and apps from start to finish Using Design Systems. To enhance digital experience, I am also working on - Customer journey map, Persona, finding user pain points, interaction design, wireframes, mockups, prototyping, and testing with following a strong design process. Try to make sure user interfaces for small-screen devices and optimize for different screen sizes. Meanwhile, I have strong knowledge and experience in HTML, CSS/SCSS with Accessibility, and SEO best practices.

You will be impressed after seeing my work, I can't show my work publicly in my portfolio:- <https://designtrick.com/> for NDA commitments. I just attached my Resume for now. I would love the chance to meet with you and learn more about your company's needs. So, let me know how to move forward in your process.

Sincerely,  
Golam Kibria
